Junior Achievement Pathways is an innovative approach to learning that infuses the best of youth development with established K-12 education models. Through a continuum of engaging learning experiences, students develop the skills needed to be financially responsible, workforce ready, and entrepreneurially minded, thereby guiding them on the path to a successful future.

“I was a construction worker at JA BizTown. In that job you need to be able to work well with others and I felt like I’d be good at that. I never thought I’d be interested in a construction job, but I was.”

- Mariah Valenzuela, JA student (8th grade)
