

Inspire local students. Adopt a school.

Our **School Partnership Program** connects businesses with local schools to create a mutually beneficial relationship. Companies provide the funding and volunteers necessary to support JA at the school, and in return:

- Create or strengthen a relationship with a school in the community where it conducts business
- Involve employees in the neighborhood where they work
- Generate professional development opportunities such as leadership and presentation skills
- Give employees the chance to be role models for local students

What's Involved

School partners agree to:

- Finance all JA program materials, training, supplies, staffing and evaluation costs
- Provide all classroom volunteers
- Appoint a liaison to work with JA staff to coordinate the activities between the company and the school

Partner Recognition

- Recognition on jaum.org
- Press release about partnership posted on jaum.org newsroom
- Recognition on social media (Facebook, Twitter)
- Recognition in JAUM Mission Report
- Post-event feedback meeting with JA staff
